Greetings,

We are delighted to invite you and your organization to join us for an orientation session on WorkKeys and the National Career Readiness Certificate (NCRC).

This meeting will benefit all individuals responsible for NCRC test administration, and program marketing and management. The day-long session will facilitate understanding on how the NCRC is going to function in Kentucky, as well as managing the implementation process, administering the tests, and the administrative requirements necessary in order to provide this valuable service to employers and jobseekers alike in the Commonwealth.
